We have great computing facilities at Lowther, byt what do some of our digital ambassadors say about the computer room?

**Luca:** "It's good for education because you can do touch typing."

**Aleeyah:** "It's a great place to learn and people should respect it."

**Mr.T** said "I love that children can use technology at Lowther to make movies, program games, do research, prepare presentations and more. With us having both Ipads and PCs we are tech ready here at Lowther!"

Cartoon time!

Do you eat most of your food at mealtimes? Do you throw most of it away?

Food waste is when you throw food away when thousands of people have little or no food. Every time you throw food away you are adding to the enormous mountains of food waste. Here are some quotes we received when we asked members of the Lowther School family in the playground.

"We should eat at least half our plate."

"It's awful, absolutely awful!"

"It's bad we have food and some people don't."

Some people can have a feast whenever they want, others can barely afford the cheapest food! Food waste is one of our number 1 priorities to stop. If you don't throw much away that's fine if you do please, please, please stop.

It's okay if you throw a bit of food away but only a tiny bit. Everyone has some foods they don't like or aren't their favourite but everyone has to try those foods sometimes and your taste buds change. Maybe you don't like sushi - you come home from school and your mums made sushi! You have to eat it for some reason you try it and you like it or if you eat something you don't like a few times and you like it!

So don't waste food it's not nice with all those starving people.

Many, many, many year ago pancakes and waffles were the best friends ever, but is that still true today? We asked Year 4 which is the best? This is what they said.

Waffles are just pancakes with abs

Waffles win by getting more than half the votes. Amazing win waffles! Rest in peace poor old pancakes!
