

Lowther

We love learning at Lowther

Dear Parents, Carers and Friends,

We hope you had a wonderful half term! Year 3 have come back to school rested and ready to learn, which is great to see. We have a busy half term, with lots of learning taking place. We also have a trip to the Natural History Museum coming up in a few weeks time, so keep your eyes peeled for a letter about this. Coats are a must now, as the weather is getting colder and wetter, so please ensure your children have them in school. Here's to another wonderful half term of Lowther Learning.

Mr Picken and Ms Palmer

Homework:

This week, there will be both Maths and Grid homework to be completed in Homework books. The Maths is times tables practise, and the grid is about our new Geography unit

This week we have been learning:

English– We are starting to identify the features of a non-chronological report, as well as learning to use co-ordinating and subordinating conjunctions
 Maths– Column addition and subtraction, with exchanging
 Science– Starting our new topic, Light, where we initially learn about light and dark
 Geography– Moving into our new topic, Earthquakes, and identifying the impact of Earthquakes in New Zealand
 Outdoor PE– Tag Rugby
 Music– We have had our first music lesson with Mr Gradidge, where we learnt about percussive instrumentation

Reminder

As the weather has drastically shifted, please ensure your children have appropriate PE kits. They can wear additional layers, tracksuit bottoms and school hoodies, as we will try to ensure PE lessons take place outside.

Thank you

Don't forget!

Every day— Reading Records
 Tuesdays—Homework books
 Thursdays– Homework will be sent home
 PE Kits should be in school every day
