

Lowther

We love learning at Lowther

Dear Parents, Carers and Friends,

What an opening couple of weeks! Both Year 3 classes have started Autumn 2 with brilliant focus and engagement. We have thrown ourselves into new learning, and are embracing challenge excellently. You should have now received your trip letter for the Natural History Museum. Please do get these back to us as soon as possible, as it makes our jobs a lot easier! Thank you!

Mr Picken and Ms Palmer

Homework:

This week, you can choose an activity from the grid, and we have set some My Maths for Year 3 to complete.

This week we have been learning:

English– Pushing on with our Non-Chronological reports, and we are starting them on the Chromebooks

Maths– Moving into column addition and subtraction with 3 digit numbers, in addition to exchanging

Science– Starting our new topic, Light, where we initially learn about light and dark

Geography– Continuing to develop our understanding of Earthquakes, and how they are formed

Outdoor PE– Tag Rugby

Music– Continuing our percussion learning with Mr G!

Reminder

The weather continues to be unpredictable, so we ask if you could ensure Year 3 have appropriate clothing for wet weather. When possible, we will try to take them outside for break and lunch, even if there is light rain.

Don't forget!

Every day— Reading Records
Tuesdays—Homework books
Thursdays– Homework will be sent home
PE Kits should be in school every day
